

JMS (Jichi Medical School)
21st Century
COE (Center of Excellence)
Program

The 2nd **Nikko** **International** **Symposium 2005**

AAV and Its Application to Gene Therapy & Regenerative Medicine

Friday, September 30, 2005 (13:00 ~ 18:10)
Information and In-service Training Center

Opening Remark

Fumimaro Takaku
President of Jichi Medical School

Introduction

Keiya Ozawa
Program Leader, JMS 21st Century COE Program

AAV and Gene Therapy

Hiroaki Mizukami
Division of Genetic Therapeutics, Jichi Medical School

Jun Mimuro and Yoichi Sakata
Division of Cell and Molecular Medicine, Jichi Medical School

Yukihiko Hirai and Takashi Shimada
Nippon Medical School

Yuko Miyagoe-Suzuki and Shin-ichi Takeda
National Center of Neurology and Psychiatry

Takashi Okada
Division of Genetic Therapeutics, Jichi Medical School

Shin-ichi Muramatsu
Division of Neurology, Jichi Medical School

Glenn Pierce
Avigen, Inc., USA

AAV and Regenerative Medicine

Takeshi Endo
Chiba University

Takamasa Takeuchi and Tadahito Kanda
National Institute of Infectious Diseases

Masashi Urabe
Division of Genetic Therapeutics, Jichi Medical School

R. Michael Linden
Mount Sinai School of Medicine, USA

David W. Russell
University of Washington, USA

Closing Remark

Shin-ichi Tominaga
Vice-Dean of Jichi Medical School

Secretariat
